DECEMBER-12, 1973

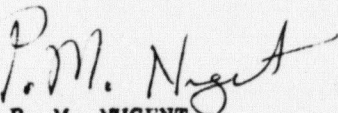

Dear Senator Javits:

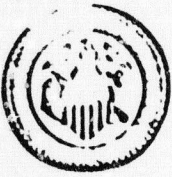

Part of Mr. Teplitsky's records can not be located at the present time. A thorough search has been initiated and as soon as these records are located, prompt action will be taken in connection with the veteran's claim.

We are requesting a report of Mr. Teplitsky's current treatment from Staten Island Marine Hospital. When the records and the hospital report are received his claim will be given careful and sympathetic consideration.

Your continued interest in this case is appreciated.

Sincerely yours,

P. M. NUGENT

Honorable Jacob K. Javits
United States Senator
110 East 45th Street
New York, NY 10017

Dear Senator Javits:

Mr. Teplitsky's service-connected nervous condition is independently evaluated at 100% disabling for symptoms and findings which are directly attributable to his military service, irrespective of the findings of the psychiatric examination conducted by the Bureau of Employees Compensation on December 3, 1966. The record indicates that the veteran's nervous condition was considered to be 50% disabling for many years prior to the date of the On-the-Job injury to his groin, which occurred on December 11, 1963.

The Veterans Administration has completed all necessary action on Mr. Teplitsky's case and granted him maximum disability benefits. Any future correspondence relevant to this matter should be directed to the United States Department of Labor, Bureau of Employees Compensation, 1515 Broadway, New York, New York 10036, as the veteran's appellate action was based on a decision rendered by that office.

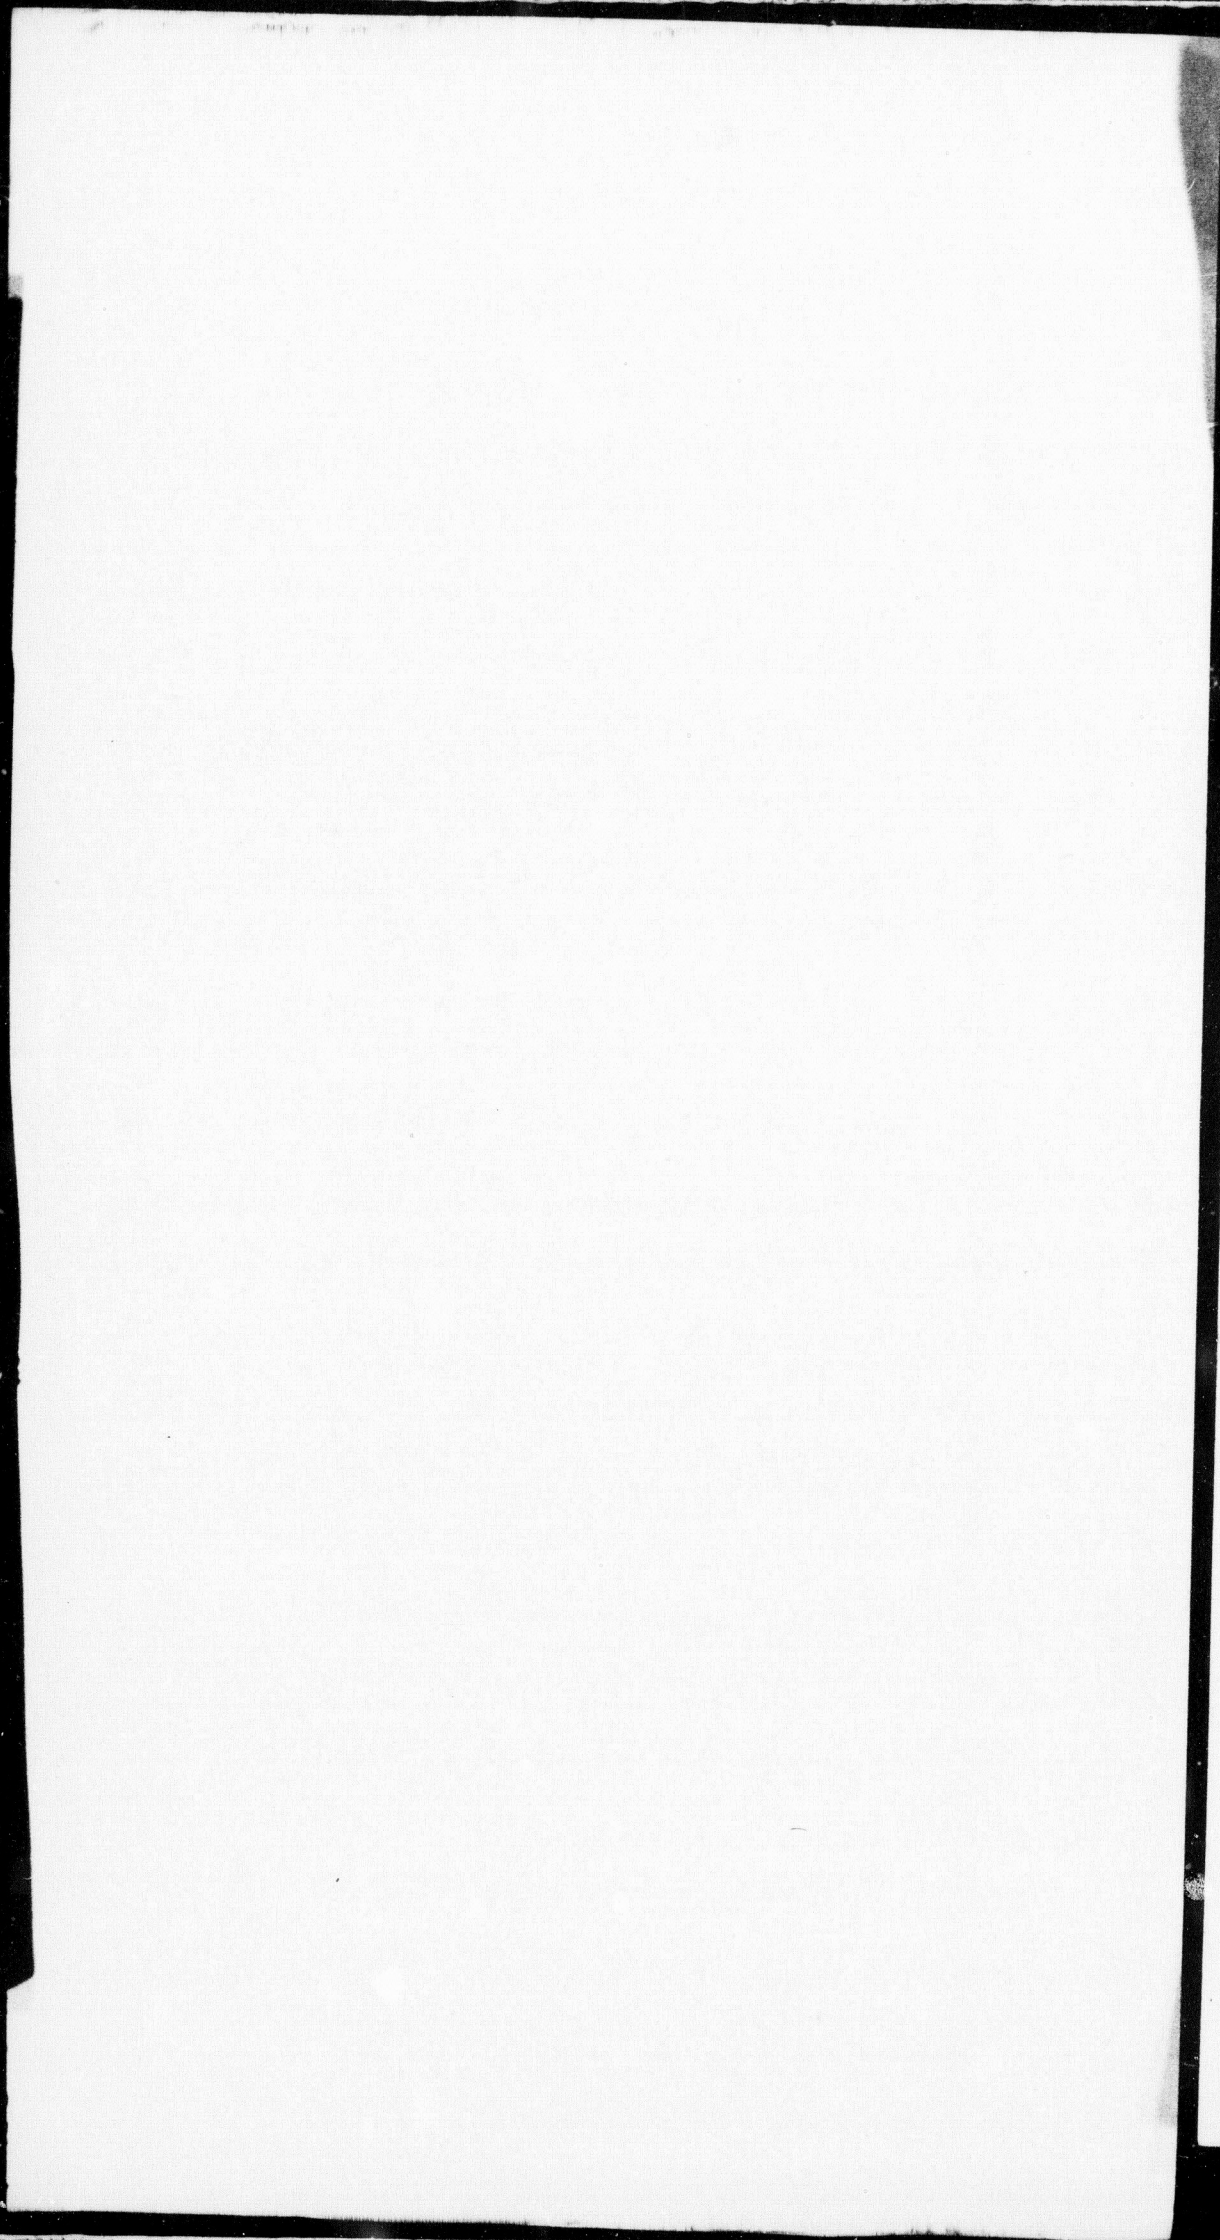

Mr. Teplitsky has sought Senator Buckley's assistance and a similar letter has been sent to him.

has been sent to him.

Your interest in the veteran's welfare is appreciated.

Sincerely yours,

P.M. NUGENT
Director
